— THIS PRESENTATION IS OUR FINAL WORD on the modes for the coming season. It is, above all, a demonstration of our preparedness to satisfy now, the wants of women who are always first to take up the new things when they are practical.

THERE WILL BE much pleasure in viewing them — With prices at about what most women want to pay — and with more than ever of the satisfaction which women have always had in the fact that they can get more dollars and cents style here than elsewhere.

THERE IS ALL THE RICHNESS that goes with fabrics for the cooler days; there is the art of designers who know, to perfection, the lines of smartly tailored garments — the bewitching possibilities of shimmering silks and laces in apparel for afternoon and evening wear — All are ready here — We invite you to see them at your leisure — they're too beautiful to hurry past.

"The Fair"
FRANKENBERG BROS. & NEWMAN

New Fur Trimmings

— "THE FAIR" wanted the most fashionable and best of these New Fur Trimmings, that will be so extensively used this season, as just the proper finishing touch to the new suit or frock — and we secured them. If ever the attractiveness of fur as trimming appealed to you, be sure to select from this comprehensive gathering we have assembled for your choosing. Prices are reasonable.

Suits, Coats, Dresses at \$25

— WE WILL GIVE YOU A BRIEF DESCRIPTION of these unusual Coats, Suits and Dresses that we've marked to sell at \$25 — But better still, come see the garments themselves and let them tell their own story of FABRICS — and of WORKMANSHIP — you'll agree it's a story such as you little dreamed of hearing about \$25 garments.

THE SECOND FLOOR offers many delightful surprises in garments at moderate prices that will surely be of much interest to you.

Dresses at \$25

— TRULY BEAUTIFUL CREATIONS — nearly all are copies of Parisian models — of Messaline, Charmeuse, Tulle, Serge and serge and satin combinations — Fur, embroidery and ornamental trimmings are most favored. All of the new shadings for fall are represented. They are very unusual in STYLE, VALUE and PRICE.

Suits at \$25

— HANDSOME NOVELTY and smart Tailored Suits at \$25 — of English serge gabardines, hair line serges, poplins, mixtures and checks. The coats range in length from 32 to 38 inches — all are beautifully lined. The colorings include burgundy, seal brown, Russian green, navy and black. Better value suits, every one.

Suits at \$35

— TO HAVE A SUIT so like those costing any where from \$40 to \$45 — and have paid only \$35 for it — is to wonder and rejoice. That is what "The Fair" has accomplished for you this season by having exclusive models copied by artist tailors. One needs only to study the contour of the figure — and select "just the right suit."

Coats at \$25

— MODELS FOR STREET, afternoon and motor wear — loose flared, slightly fitted and smart belted affairs. Most of them have the popular big collars. Some are Fur others Velvet trimmed. The fabrics shown include plush, velours and rich new mixtures and plaids. And really, exceptional values at \$25.

Extraordinary Suits \$18.50 and \$22.50

— YOU WILL FIND HERE a splendid collection of suits at these two popular prices. They were personally selected — and we believe them superior to any similar lines shown in Bisbee this season.

WOMEN who have given up hope of finding (elsewhere) a suit at \$18.50 or \$22.50 to please them, have found several in the styles that become them at The Fair — and they have been delighted with their selection.
